 - 3 Select "Select app" and selecte "Tigermeeting" on the list and press

NOTE: allow "Draw over other apps"

Depending of the installed application on the device, the "Draw over other apps" permission is needed. If this permissions is not granted, the Tigermeeting application can suffer different race conditions that may cause the screen to appear black or the "Home app" choice is presented over the screen.

In order to configure the "Draw over other apps" permission, please perform the following steps:

- 1 Turn on the device.
- 2 Go to the "Maintenance/ Admin menu"
 - 1 Under device Settings, "Apps" select the Tiger application.
 - 2 Make sure that the "Draw over other apps" have value "Yes" or "Enabled"
 - 3 Also make sure that the "Home App" value is "Yes"
